

## Objective

---

I am Ansam Jawabrah, a fresh graduate in computer systems engineering from Arab American University. During my studies, I took several programming courses, including Java, web programming, database programming, software engineering, and Python. I received front-end training at ASAL-Technologies, and I have good knowledge of HTML, CSS, and JavaScript. I have also worked with React JS. Currently, I am seeking a job as a Frontend developer and looking to learn other fields and work in them at your company to increase my knowledge.

## Experience

---

1/11/2022-5/2/2023: **React JS** training at **ASAL Technologies**

## Projects

---

- Library system –React JS, Bootstrap, CSS
- Facebook home page –Bootstrap, CSS
- Facebook profile page –Html, CSS, Bootstrap
- Restaurant menu interface – API, Axios
- Web Page-Html ,CSS and media query
- CRUD – Html, CSS, JavaScript.
- Quiz Mobile Application - Android App.
- Medical Center – SQL
- Hearize (SLI) – Flutter, Python and Ai App.

## Competitions

---

- First Place in **IOT** and **AI** challenge(**HEARIZE** project) .
- First Place at **GIC**-Stanford Program(**HEARIZE** project)
- **Doc-Tech** competition at Arab American University

## Courses

---

- 6/8/2021: HTML language certification from <https://www.m3aarf.com/>
- 11/3/2021 – 7/4/2021: Introduction to web programming from Knowledge Academy.
- 22/3/2021: C# certification from <https://www.courseset.com/>
- **21/3/2021**: Python certification from <https://www.edraak.org/>
